SUMMARY

Fullstack Developer with 1+ years of experience in web development, specializing in Next.js, React.js, Node.js, and Express. Skilled in SaaS development, payment gateway integration (Stripe, LemonSqueezy), and UI design with Tailwind CSS, Material UI, and Framer Motion. Experienced with CI/CD pipelines, Git, and database management using MongoDB and MySQL. Focused on building efficient, scalable applications with seamless user experiences.

SKILLS

Languages: JavaScript, TypeScript, Python, PHP

Fullstack Development: Next.js

Frontend Development: React.js, Redux Toolkit, Zustand, Tailwind CSS, TanStack Query, Shadcn UI, Material UI

Backend & Databases: Node.js, Express, MongoDB, MySQL

DevTools & Deployment: Git, GitLab, Docker, Postman, cPanel, Vercel, Render

Payment Integration: Stripe, LemonSqueezy

SaaS & APIs: Multi-tenant Architecture, Subscription Management, API Integrations, RESTful APIs, GraphQL

Additional Skills: WebSockets, CI/CD, Firebase, Convex, Clerk, Laravel, Socket.io

EXPERIENCE

Associate Software Developer

Elsner Technologies

January 2024 - January 2025, Ahmedabad

- Successfully delivered 6 diverse projects, including a CMS panel built with Laravel and React, in-house applications, and pre-production projects.
- Developed full-stack applications using Next.js and the MERN stack, showcasing expertise in modern web development.
- Designed dynamic user interfaces with ShadCN UI, Material-UI, and Framer Motion, enhancing user engagement.
- Implemented advanced state management solutions like Redux, Zustand, and React Query for efficient state handling.
- Built secure and scalable backends using Node.js, Express, MongoDB, MySQL, and Laravel, ensuring robust application performance.
- Streamlined deployment workflows with CI/CD pipelines, enabling consistent and reliable application delivery.

PROJECTS

Renotary

Elsner Technologies PVT LTD • September 2024 - January 2025

- It is an online notary platform that facilitates various notary services between notary users and customers. The platform integrates features like DocuSign, Zoom, Google, and Outlook calendars.
- I primarily work as a React.js developer on this project, which is currently in pre-production.

Codrexik

Project link: • codrexik.vercel.app/ • December 2024 - December 2024

- Built Codrexik, an advanced online code editor supporting 10 languages and 5 themes, using Next.js, Zustand, Convex, Clerk, LemonSqueezy, and Tailwind CSS.
- Developed a code snippet sharing system, enabling users to share, comment, rate, and discover code snippets, fostering collaboration and enhancing productivity.
- Launched a \$10 Pro subscription with lifetime access to all languages, utilizing LemonSqueezy for payment processing, Clerk for user authentication, and Convex for efficient database management.

EDUCATION

Bachelor of Information and Technology

L.J. Institute of Engineering and Technology • Sarkhej, Ahmedabad • 2025

- Undergraduate
